FINE BUILDING SINKING.

MEXICO CITY, April 13.—A commission of engineers has been appointed to decide on some plan to check the sinking of the magnificent building housing the department of communications and public works. This building, the handsomest in Mexico, is slowly settling into the swampy soil. It was completed and opened in 1910.

COLONEL DAVISON DIES.

MANILA, April 13.—Colonel Lorenzo P. Davison, attached to the Twenty-seventh infantry at Manila, died today as the result of injuries received a fortnight ago from a bucking horse.

Born in Wisconsin in 1859, Colonel Lorenzo P. Davison was appointed to the military academy from Iowa in 1881.

THE NATIONAL
OUTFITTING CO., 2345 WASHINGTON AVE.
"OGDEN'S LEADING CLOAK and SUIT HOUSE"

CITY WATER SUPPLY IS NOT SUFFICIENT FOR GARDENS

Under pressure of the general demand for free water for city gardens, to reduce the cost of living, Commissioner Miles L. Jones, in charge of the water service, said:

"We desire to make the rate as low as possible, allowing as much water for garden irrigation as may be consistent with public safety and domestic requirements, but the public must consider the fact that last year, without gardens, we had not an ounce of water to spare.

"Every well and valve were open to full capacity last year. Much water was wasted, of course, on the lawns, and this no longer will be allowed. If there are many gardens this year, we shall have to put restrictions on water for lawns. The lawns will be considered first, however, and the gardens of secondary importance. Nearly everyone who has a garden, also has a lawn.

No Pipe for Water.
"The maximum supply of water is 11 million to 12 million gallons per day. This entire supply would be needed to irrigate a ten-acre field and it would take a day, or a day and a half to do the irrigation."

Utilization of the city's interest in the bench canal supply, said Mr. Jones, would increase the supply one-third, for domestic purposes, but the city cannot obtain the pipe to make the necessary connection. The price of pipe is at least one-third above normal, he said, and it cannot be purchased, with assurance of delivery, at any price.

"Last year we made 256 new water connections for new users," said Mr. Jones. To meet the increasing demands for water this summer, we have three additional wells. We have now gone our limit in the development of wells in the artesian basin."

The Ultimate Solution.
Asked what would be the ultimate solution of the water problem, he said: "The building of the great storage reservoir in Skull-crack. Our filing was made for that purpose, and some work will be done on it this summer."

The expense of building the big reservoir, he said, will be taken out of the revenues of the water department. Commissioner Flygare was asked whether he would advocate free water for the city gardens. He replied it couldn't safely be allowed; that the water supply was too limited.

Mayor Heywood, in amiable mood today, joked about the figures on the cost of water, as commonly understood. "Take some of my paper," he said, tendering some sheets off of his desk, "and the figures will appear different, perhaps."

The three "city dads" were a unit in opposing any further reduction of the water rate for gardens and they emphasized the benefit of the exemption of two rods for each family having two children in school, allowing water free for a garden 16 1/2 by 33 feet.

Recovering.—Miss Venice Hanson, 2935 Grant avenue, is convalescing, after a long illness brought on by diseased tonsils.

Called Home.—Mrs. Mary A. Crandall went east over the Union Pacific today after an extended visit with her brother, C. E. Bennett of 2622 Madison avenue. She is called home by the sudden illness of her daughter at Mason City, Iowa.

Births.—Births were reported today at the city health office as follows: To Mr. and Mrs. C. F. Gilmore, a son, April 9; to Mr. and Mrs. Orin L. Bates, a daughter, April 8; to Mr. and Mrs. H. F. Upp, a son, April 10; to Mr. and Mrs. S. Alastra, a son, April 11; to Mr. and Mrs. John E. Pace, a daughter, April 2; to Mr. and Mrs. William M. McKay, a daughter, April 5.

Departure.—Helen Perkins departed today for Los Angeles, Cal., over the Salt Lake Route.

Robbery.—Robbers effected an entrance to the billiard hall and Harvey cafe, under the Howell store, last night and made a substantial haul. The safe in the billiard hall was forced and \$60 abstracted therefrom and the robbers secured \$25 from the cafe cash box. The robbery was reported to the police department.

Song Service.—The Ninth ward choir has arranged to give a song service in the ward chapel Sunday night. The service will be started at 7 o'clock and the public is invited to attend.

Captain W. E. Kneass of Troop B, Utah cavalry, is to be the honor guest tonight of the non-commissioned officers of the Ogden high school cadet battalion at a banquet. Other special guests will be Principal J. E. Beeson of the high school and Dr. Reinhold Kanzler, physical adviser of the cadets.

Captain Kneass is commandant of the battalion and the banquet was arranged in view of his probable early call into regular army service.

TWENTY DIRECTORS OF FARM BUREAU TO MEET

Twenty directors of the Weber County Farm Bureau, headed by State President Donald D. McKay, will meet tomorrow at 2 o'clock at their headquarters under the Utah National bank to submit and discuss reports on farm mobilization and increased production of foodstuffs and money crops.

Under direction of President McKay and R. J. Evans, state leader of county agents, the committeemen have made a farm-to-farm canvass throughout Weber county, obtaining exact data on new available acreage, seeds, livestock, planting conditions, and everything essential to thorough cooperation.

Preston Thomas said today: "The farm mobilization movement in this county will be a splendid success. This is assured by the activity of all of our best farmers, who have their own seeds, who already have made farming a success."

POLICE JUDGE IS VICTIM OF RAID
While Municipal Judge George S. Barker was attending a meeting of officers of the North Weber stake, in the Third ward meeting house last night, a bold thief carried off his extra automobile wheel rim, tire and inner tube. "It will go hard with that thief if he is caught," one of the court attendants remarked in the hearing of the judge, this morning, to which "his honor" jocularly replied, "I guess they're already trying to get even with me," which recalled the finding of a number of local people for not having 1917 license numbers on their automobiles.

Deaths and Funerals

ANDREASON.—Jens Peter Andreason, aged 77 years, died yesterday in Salt Lake at 3:40 p. m. General debility was the cause of death. Mr. Andreason was in the capital city to attend conference, at which he had never failed to be present, and on Tuesday attended to some duties in the temple. He was taken ill Wednesday, and yesterday the family at Farr West was notified of his serious condition, death occurring before their arrival in Salt Lake. Mr. Andreason was born in Denmark, where he joined the Mormon church, and where he performed a mission before coming to Utah in 1856. In 1855 he returned to Denmark on missionary work for the church. The deceased was a high priest in the North Weber stake and an active ward teacher in Farr West. His wife died
